

DNA Analysis Report

Report Number: 925
Initial Report Date: 15 Sep 2013

Owner/Agent

Terry Wellman
NA
NA, NA 00000

Dog Information

PD Case #: PCAF-0321

Registered Name:

Call Name: Sarge

Primary Registry:

Registration Number:

Microchip:

DOB:

Sex: Male

Coat Color:

Tattoo:

Test Summary

Miniature Poodle DNA test for Osteochondrodysplasia

Test Result

N/N Normal

Result Key

N/N Normal	Does not possess the disease mutation - normal, unaffected dog.
A/A Affected	Homozygous (two copies of the disease mutation - dog affected with disease).
N/A Carrier	Heterozygous (one normal and one mutation allele - normal presentation, may transmit either a normal gene or an affected gene to offspring)
